

Frack Free Cleveland . Minutes.
Saltburn House.
7pm.

11/10/2018

- 1) Welcome to members.
- 2) Frank informed the group of the trade name Tradecraft is going into voluntary liquidation.
- 3) Frank was handed Treasury books. The pass book and the receipts. It will now be Frank and Jay to be signatories.
- 4) Maggie gave out information n Global Justice Now. There is a meeting at the Marine Hotel Thursday 25th October 2018 at 8.15.pm
This is to make plans for the Saltburn Farmers Market 10/11/18. A leaflet handout is to be held.
- 5) Frank and Maggie showed the group the response to a petition to which Simon Clarke had replied. There was a total contradiction in the responses.
- 6) Melvyn wanted FFC to show solidarity on three fronts. One on donating money, applying for more than one grant and travelling to PNR. Also, he mentioned Sabic which is using fracked gas to make plastics.
- 7) As the group was confused as to what exactly they was asked and what he wished the group to do precisely. An answer was not forthcoming. Melvyn resigned from the group 7.40 pm . This was a great relief to the group as he had caused disruption and prevented us from getting on with the agenda in hand.
To be fair every individual does as much as one is able and as we are a Consensus run group one cannot come into a meeting and attempt to rail road the attendees. He should have contacted me first to place it on the agenda then we could put it into proposal form and discuss it. A consensus could then have been taken.
8. After Melvyns hasty withdrawal. The meeting reconvened. We welcomed our new member who will work alongside Maggie and Frank in Global Justice Now. In Neil and Annettes absence Spana will take over the contact list.
- 9) Maggie conveyed the unregulated manufacture of cotton and its unecological means of production. It was on a TV programme which could be found on BBC i player.

Meeting ended 8.25pm.
